COVID-19 Measures When Going Out

COVID-19 is still spreading. We should stay alert and keep taking precautions to stop the spread of the virus.

For example:

- Cover your coughs and sneezes with a mask, a handkerchief, tissues or your elbow.
- Refrain from going out if you have a fever or cold symptoms (even if mild) such as coughing or a sore throat.
- Practice social distancing (keep at least 2 meters away from other people).
- Refrain from visiting facilities in large group.
- Refrain from talking in a loud voice inside facilities.

Also, when you visit facilities, you should take any preventative measures that they ask you to take.

Examples of measures in place in some facilities:

- Asking visitors without a mask to leave
- Temperature checks at the entrance
- Asking visitors to use hand sanitizer before entering

★ Measures vary according to facilities, so please follow each facility's measures while using your own judgement and being considerate to the people around you.

Any information in Hiro Club News may change as the situation develops, so be sure to check before you visit.

City investment in Japanese as a second language

日本語教育の充実に取り組みます(P3)

At the end of July, around 20,000 non-Japanese residents were living in Hiroshima City.

To equip residents with the Japanese language skills needed to live in the community, the City has adopted the City of Hiroshima Plan for Promotion of Teaching Japanese as a Foreign Language (*Hiroshima Shi Nihongo Kyōiku Suishin Keikaku*).

The Plan aims to achieve the following goals for foreign residents (aged mainly 18 and above) by 2024:

- 1) Create a system to promote teaching Japanese as a foreign language
- 2) Provide information for learners of Japanese
- 3) Improve opportunities to learn Japanese
- 4) Cultivate Japanese teaching talent and support community classes
- 5) Work together with local communities

Brand new Japanese Language Education Coordinator

As part of efforts to realize the Promotion Plan, a **Japanese Language Education Coordinator** has been hired, with experience of teaching Japanese both in Japan and abroad.

The Coordinator will provide advice to volunteer groups that teach Japanese in the community, and work together with companies and educational establishments with foreign workers and students.

Ambulance Day

必要とする人のもとへ(P1)

September 9 is Ambulance Day in Japan. Are you using ambulances appropriately?

For people who really need them

Ambulance trips have increased in recent years. Last fiscal year, 42% of people who had ambulance rides actually had light symptoms and did not need to go to hospital.

Sasaki Yasuhiro, who works at the office responsible for taking 119 ambulance calls, asks for the public's cooperation:

"Some people can't judge for themselves whether their symptoms are light, so they call an ambulance.

However, if you know that there is no obvious threat to life, you should not call 119 but call #7119 for advice.

Please use ambulances appropriately, so that we can quickly get them to people whose lives are in danger."

Note: While 119 can take calls in multiple languages, #7119 is Japanese only

If in doubt, call #7119

If you don't know whether to call an ambulance over a sudden illness or an injury, call #7119.

A nurse will ask you about your symptoms. After judging the seriousness, they will call you an ambulance, tell you about nearby hospitals, or advise you on first aid.

Lines are open 24 hours a day, 7 days a week, 365 days a year.

If you can't get through, call 246-2000.

Inappropriate reasons to call 119

Ambulances numbers are limited. Do not ask for one without thinking.

- You don't know what hospital to go to
- You want to get priority treatment
- The clinic you want to go to is closed
- It's free
- You don't have a means of transport

When you should definitely call 119

- Sudden intense headache or high temperature
- Light-headedness to the extent of being unable to stand
- Suddenly being short of breath or having difficulty breathing
- Sudden numbness in arms and legs, sudden weakness in the arm or leg on one side
- Difficulty moving or numbness in one half of the face
- Difficulty speaking
- Blood in vomit, stools, or urine
- Loss of vision, suddenly seeing double
- Seeming obviously unwell (pale etc.)
- Pain in the chest or back that moves
- Sudden intense pain in the chest or back
- Stomach pain to an extent not experienced before

If you think you have COVID-19

If you experience fever, coughing, extreme sluggishness, or loss of taste or smell, do not go to work or school. Contact your regular doctor or the call center below.

National census

国勢調査にご協力を(P2)

The national census is carried out in Japan once every 5 years to learn about the current state of the population and of each household.

2020 is the 100th anniversary of the census.

The results will be put to use in various fields by national and local governments, individuals, and companies.

Starting September 14, census workers will visit homes

Census workers, who have ID to prove who they are, will visit every household and distribute documents needed to answer the census.

You can fill in the census online (any time before October 7) or on paper (by post or by giving it to the census worker, between October 1 and October 7).

For the 2020 census, as a COVID-19 measure, workers will explain the census via intercoms and leave the documents in postboxes.

Strict privacy protection

Census workers and other people involved in the national census are bound by the Statistics Act to strict secrecy.

What you write on the census form will not be used for anything other than statistics-related purposes.

Watch out for scams

Be wary of suspicious visits, phone calls or emails from people pretending to be census workers.

The census does not involve any requests for money or possessions at all.

It also does not involve any questions about your bank balance, salary, etc.

Festival at Shinomiya Shrine (Tanomosan Festival)

しのみやじんじやさい 四宮神社祭 (たのもさん)

★ Most of the festival's events have been canceled due to COVID-19 this year. All there will be is a ritual, held from 15:00.

In ancient times, as Miyajima was believed to be an island of the gods, people were forbidden from digging and tilling the ground. People in Miyajima depended on farm products from the mainland across the sea for a long time, and thus every year they float *Tanomosan* boats, which are decorated with dolls, food and money, to the main land to show their gratitude.

Assisting with International Cooperation with Used Stamps & PET Bottle Caps

The International Exchange Lounge collects used stamps to assist international cooperation activities. Through the volunteer groups, JOCS*, the collected stamps are sold to collectors to raise money. With the profit, items such as milk and medicine are purchased and doctors as well as nurses are dispatched throughout Asia and other continents. We also collect PET bottle caps in order to support the "Ecocap Action". The sales profits obtained by recycling caps are donated to the Japan Committee "Vaccines for the World's Children" (JCV).

*JOCS: Japan Overseas Christian Medical Cooperative Service

HOW TO COLLECT:

▣ **Stamps** ⇒ When you cut stamps from envelopes, please leave 5 mm of paper around them. It is not necessary to remove them from the envelope. Torn or folded stamps cannot be accepted.

▣ **PET Bottle Caps** ⇒ Only PET bottle caps for drinks or mineral water are accepted. Please wash the caps and tear off the sticker if it has one. This is in order to avoid damaging the recycling machines. Things such as metal caps and pull-top tabs cannot be accepted.

Trio-Phone Service

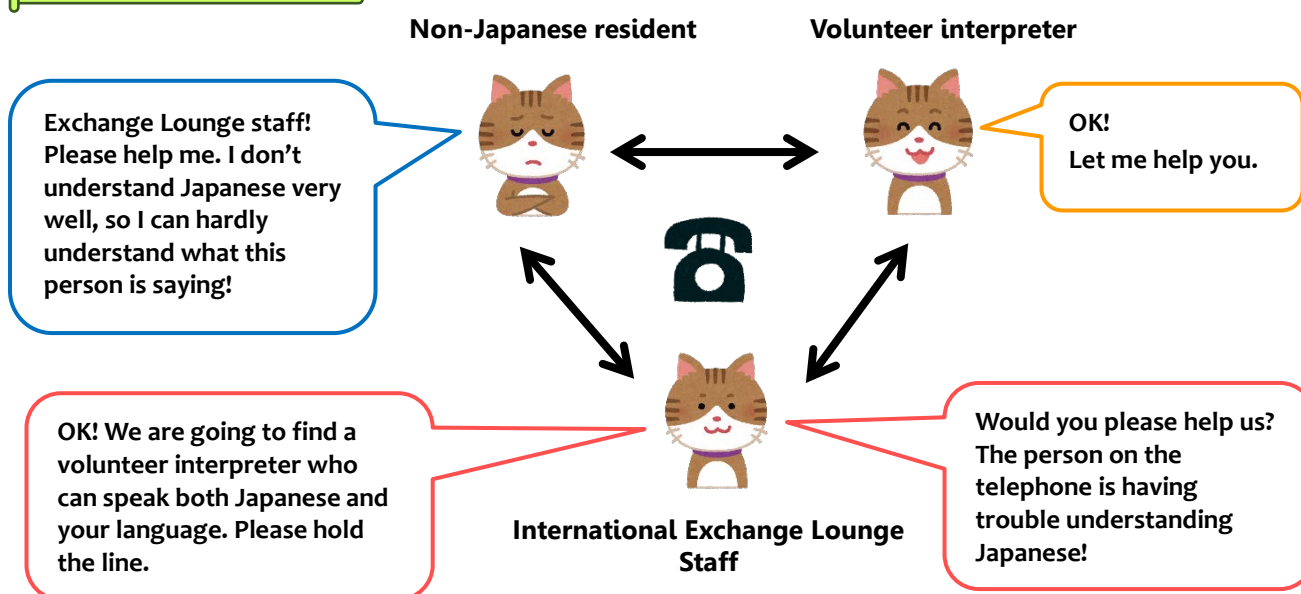

(Multilingual Interpretation over the Telephone)

What is Trio-Phone ?

Trio-Phone Service allows three people to have a conversation at the same time through the telephone. If you are having difficulties communicating in Japanese, call the International Exchange Lounge (082-247-9715).

A volunteer interpreter will help you through the Trio-Phone Service!

Garbage Disposal Information

Separate garbage properly and take it to the collection site by 8:30 am on the designated day. Please do NOT take garbage to the site on the night before. Garbage collection days vary depending on where you live and the category of the refuse. For further details, consult your local ward office or your neighbors to be sure of the proper disposal method. "Hiroshima 8", a handbook on how to separate garbage, and "Household Waste Disposal Guidelines", a garbage chart with schedules of garbage collection days, are available at ward offices, branch offices and community halls. The Guidelines are translated into English, Spanish, Portuguese, Chinese, Korean, Vietnamese and Filipino. These are available on the Hiroshima City's website:
