# COVID-19 Measures When Going Out

COVID-19 is still spreading. We should stay alert and keep taking precautions to stop the spread of the virus.

## For example:

- Cover your coughs and sneezes with a mask, a handkerchief, tissues or your elbow.
- Refrain from going out if you have a fever or cold symptoms (even if mild) such as coughing or a sore throat.
- Practice social distancing (keep at least 2 meters away from other people).
- Refrain from visiting facilities in large group.
- Refrain from talking in a loud voice inside facilities.

Also, when you visit facilities, you should take any preventative measures that they ask you to take.

## Examples of measures in place in some facilities:

- Asking visitors without a mask to leave
- Temperature checks at the entrance
- Asking visitors to use hand sanitizer before entering

★ Measures vary according to facilities, so please follow each facility's measures while using your own judgement and being considerate to the people around you.

Any information in Hiro Club News may change as the situation develops, so be sure to check before you visit.

## Get necessary care at medical facilities

医療機関で必要な受診を (P3)

You may now feel uncomfortable visiting a hospital because of COVID-19, but avoiding visiting even when necessary may pose health risks.

### Fever, cough or abdominal pain may be other illnesses

Fever and other symptoms could be a disease other than COVID-19, so if you refrain from seeing a doctor, you may not get the best treatment.

Also, if you run out of your regular medication, your pre-existing illness may worsen. Make sure to see your doctor on a regular basis.

**Symptoms that are difficult to detect**

Cancer is said to affect 1 in 2 people. Most are asymptomatic in the early stages.

Regular cancer screenings and checkups will lead to early detection and treatment and prevention of lifestyle-related diseases.

**Oral healthcare**

Regular oral care can prevent tooth decay and gum disease. For the elderly, it can decrease the risk of aspiration pneumonia.

**Book in advance for vaccinations**

Some medical facilities offer patients vaccinations at a separate time from other patients to avoid contact with them.

Book an appointment in advance to get your vaccinations.

**Self-care can fight COVID-19**

Refraining from seeing a doctor on your own self-judgement can make the symptoms of a chronic disease worsen, which may make it impossible to fight against COVID-19.

Consult with your doctor and dentist to manage your health and any pre-existing illnesses properly to combat COVID-19 infections.

**Prescriptions by phone or online**

You can now receive consultation and be issued prescriptions by phone or online as a special measure against COVID-19.

More information is available on the City of Hiroshima website.

 **241-4566**

Call 241-4566 when you want to get advice on COVID-19 infections.

 **#7119**

Call #7119 in case of sudden illness or injury. You can get advice if you should call for an ambulance car or not.

 **#8000**

Call #8000 when you need advice if your child is sick or injured on a holiday or at night.

 **City Hall Medical Services Policy Division (Iryō Seisaku Ka)**

 504-2178  504-2258

**Help stop child abuse**

児童虐待は社会全体で解決すべき問題です (P2)

Child abuse not only causes serious immediate harm to a child's mental and physical health, but also has a long-lasting mental impact.

Discovering child abuse early on can save a child's life and long-term mental health.

**Suspect child abuse?****Call 189**

If you think a child is being abused, call 189 immediately. Just one call may save a child.

Anywhere in Japan, if you call 189 you will be connected to your nearest Child Guidance Center (*Jidō Sōdansho*).

Cellphone calls are redirected manually by an operator.

**Parenting consultation services****◆Child Guidance Center**

# Assisting with International Cooperation with Used Stamps & PET Bottle Caps

The International Exchange Lounge collects used stamps to assist international cooperation activities. Through the volunteer groups, JOCS\*, the collected stamps are sold to collectors to raise money. With the profit, items such as milk and medicine are purchased and doctors as well as nurses are dispatched throughout Asia and other continents. We also collect PET bottle caps in order to support the "Ecocap Action". The sales profits obtained by recycling caps are donated to the Japan Committee "Vaccines for the World's Children" (JCV).

\*JOCS: Japan Overseas Christian Medical Cooperative Service

## HOW TO COLLECT:

- ▣ **Stamps** ⇒ When you cut stamps from envelopes, please leave 5 mm of paper around them. It is not necessary to remove them from the envelope. Torn or folded stamps cannot be accepted.
- ▣ **PET Bottle Caps** ⇒ Only PET bottle caps for drinks or mineral water are accepted. Please wash the caps and tear off the sticker if it has one. This is in order to avoid damaging the recycling machines. Things such as metal caps and pull-top tabs cannot be accepted.
