## 20 or older? Join the National Pension Plan

20歳になったら国民年金 「ひろしま市民と市政」 1月15日号

As a general rule, everyone living in Japan aged 20 to 59 must enroll in the National Pension (国民年金 // *Kokumin Nenkin*), including students. When you turn age 20, you will receive an enrollment notification. If you do not receive it even after two weeks passed since you turn 20, please contact your local ward office. (People who work for a company will be enrolled in Employee Pension Insurance (厚生年金 // *Kōsei Nenkin*).)

If it is difficult to pay the premium because of reasons such as financial problems, you can apply for partial or total exemption from premiums. For further information contact the following office.

**Inquiries:** National Insurance and Pension (*Hoken Nenkin Ka*) of your local ward office
